

**'One Summer...' Power of Love Record Label**

## **A Virtual Mediterranean Connection**

**By Haji Mike & Kingdom Signal**

**"FOR IMMEDIATE RELEASE" – Nicosia/Cyprus – Corbara/Corsica**

Haji Mike & Kingdom Signal aka producer Gatsby Rhodes worked together online (without actually as yet meeting in person) to release their debut collaboration based from two islands in the Mediterranean, Cyprus and Corsica. 'One Summer...' on the newly formed Power of Love Label is a rich acoustic canvass which can be placed in the Progressive Dub and Spoken Word creative domains with a touch of Jazz and Fusion.

The two collaborate weekly on Wednesday nights as 'The Kings of the Mediterranean Underground' on their own respective radio shows on OuttaMiYard Radio [www.omyradio.net](http://www.omyradio.net) an online station that works from peoples home studios all around the world. That concept of the virtual global village is what originally brought them together through a link via Dub Producer Dub Caravan who Haji Mike had previously worked with on the release 'Virtual Oasis' (2008). All the songs on 'One Summer...' were recorded over a period of two months in the long hot summer of 2016 with Gatsby making the Dubs and Haji Mike creating the lyrics. All in all about 25 songs were made, 15 of which made it on the CDLP and Digital release. Some of the other tunes, that didn't make it can also be found on their Bandcamp website as an 'Alternate Summer Release...' (see link below).

'We just started working none stop' says Gibsy who originally started his own DiY Dub Label, Springline Records from back in the 90's 'and before we knew it there was a ton of stuff to choose from'. Haji Mike's lyrics float over the beats, weaving in and out, sometimes heavy, sometimes abstract and other times just plain emotional. 'I was drawn to Gibsy's sound because of its openness, I felt welcome to work with him, comfortable and at the same time challenged to do stuff I had never really done before thematically.' First video clip from the LP is 'Stargazing' a journey through space and sound with Haji Mike's spontaneous headtop lyrics on the magic of the stars [www.youtube.com/watch?v=4s9G--Rc5Kg](http://www.youtube.com/watch?v=4s9G--Rc5Kg)

The two seasoned collaborators are planning tours in Corsica (where the release will be launched) in May and Cyprus in October. 'One Summer...' is available as a CDLP from Power of Love Records and will soon be up as a digital download all over world via AMAdea Music via the following digital outlets:
